

Fiamma

New York

Sleek, sexy, sophisticated; for a restaurant to truly seduce, it has to have all three ingredients. Fiamma has all this and more, with a mouthwatering menu and a prime SoHo locale.

In Italian, Fiamma means "flame" and that's no accident: this place is hot. New York Times three-star, Michelin star hot, that is. The seductive decor is warm and inviting (perfect for cozy couples and power execs alike) and great for that "just because" evening, celebrations or anything in between.

Signature dishes reflect the simple seasonings of Italy - Capesante, a warm dish of Seared Maine Diver Scallops, Braised Wild Mushrooms and Brown Butter-Truffle Vinaigrette and more.
